

WADE TO TELL HIS OWN STORY

Man Accused of Murder Will Take Stand.

ACCUSED OF OTHER CRIMES

SAID TO HAVE BEEN INVOLVED IN WYOMING.

James H. Wade, charged with murder in the first degree in shooting and killing Lee You, a Chinaman, at the Alta-Quincy mine on December 19, 1903, and who is on trial before Judge Charles W. Morris on another occasion, the district court, will be placed upon the witness stand in his own behalf this morning.

It is expected that the prosecution, on cross-examination, will try and bring out the fact that Wade has done time in the Wyoming state penitentiary for killing a man in that state some time ago, and that on another occasion he chased a man with a revolver.

The actual trial of the man began yesterday morning at 10 o'clock, when Attorney E. B. Critchlow, employed by the Chinese to assist in the prosecution of Wade, made the opening statement to the jury. It was followed by the presentation of evidence for the state.

The facts leading up to the shooting, and the actual killing of Lee You by Wade were brought out substantially as they have been published in these columns. Shortly at 2 o'clock the state rested and the introduction of evidence in behalf of the defendant was begun.

Wade will probably be the last witness for the defense.

BARBER GETS WRIT.

Secures Injunction Against Closing Barber College.

A temporary writ of prohibition was yesterday granted J. C. McDonald against the State Board of Examiners, preventing them from closing his barber college on East First South street. He is the manager of the Moir Barber college, which has been complained of by the local union for some time, it being alleged, among other things, that McDonald is not legally entitled to conduct a shop of that kind, not being a regularly licensed barber, and because he does not comply with the state law relative to conducting a clean and sanitary shop.

Notice was served upon McDonald to appear before the board yesterday and show cause why his license should not be revoked and his place of business closed. He asked for further time, which he says was refused him. Fearing that the board might take drastic measures with his business, McDonald went into court and secured yesterday afternoon a temporary injunction which holds matters in abeyance until the whole case can be reviewed in the district court.

Begins June Term.

The June term of the state supreme court began yesterday morning. The principal feature of the session, which was short, was the admission to practice law in this state of Attorney Brigham Clegg, William H. Roy and Arthur M. Freeman. They were recommended by the examining committee of the court.

Three cases were scheduled to have been argued yesterday, but two of them were continued until a later date. Several motions and orders of minor importance, as far as the general public is concerned, were entered upon the minutes.

Two Couples Unhappy.

One divorce was granted yesterday in the district court, and another was begun in the chancery division. The matrimonial couple was separated by Judge William C. Hall by granting Mrs. Orpha Racker a divorce from Fred E. Racker, on the grounds of desertion and non-support. Mrs. Nancy Jane Pickett sued Ed. H. Pickett for a divorce on the grounds of desertion and non-support.

Grice Case Reset.

In the criminal division of the district court yesterday morning Judge Charles W. Morris reset for trial the case against Sam Grice. He is charged with attempting to commit burglary. It will be his second appearance before Judge Morris when he is placed upon trial. His case was reset for Friday, June 24.

REGULATIONS WILL BE ENFORCED HEREFTER

(Special to The Herald.)
Washington, May 9.—The bureau of animal industry is increasing its force of cattle inspectors in western states in order to secure enforcement of its regulations governing the shipment or trailing of cattle between stations. Under the regulations that cattle affected with or exposed to the shipment of cattle shall not be shipped until dipped in a mixture approved by the officer of the bureau. Fifty inspectors will be stationed at western cattle shipping points to compel observance of the regulations. The inspectors are recruited from experts in the employ of the bureau or eligible who have taken prescribed civil service examinations. Mange is said to be prevalent in Utah, Wyoming, Colorado, New Mexico and is particularly severe in the Dakotas.

NECESSARY.

People May Go Without Food for Days, but Not Without Sleep.

Fasters have gone without food for many days at a time, but one can go without sleep. "For a long time I have not been sleeping well, often lying awake for two or three hours during the night up to three weeks ago, but now I sleep sound every night and wake up refreshed and vigorous," says a California woman.

"Do you know why? It's because I used to drink coffee. But three weeks ago I cut off the coffee and began using Postum. Twice since then I have drunk coffee, and both times I passed a sleepless night, and so I am doubly convinced coffee caused the trouble and Postum removed it."

"My brother has been in the habit of drinking coffee three times a day. He has been troubled with sour stomach and I often would notice him getting soda from the can to relieve the distress in his stomach. Lately hardly a day passed without a dose of soda for relief."

"About two weeks ago he asked me for a cup of Postum—said he liked it well enough to give up coffee, and since then has been drinking Postum three times a day and says he has not once been troubled with sour stomach." Name given by Postum company, Battle Creek, Mich.

Even after this lady's experience with coffee her brother did not suspect coffee was causing his sour stomach, but easily proved it.

Coffee is not suspected in thousands of cases just like this, but it easily proved. A ten days' trial works wonders, and, of course, "wonder" is a reason.

Look in each package for the famous little book, "The Road to Wellville."

GREAT BRITAIN'S HINT

Presence of a United States
Warship at New Chuang
Desired.

Washington, May 9.—The attention of the state department has been drawn to the possibility of rioting and looting at New Chuang in the indefinite interval of time between the expected Russian withdrawal and the Japanese occupation of the port. Secretary Hay today had a consultation with the president respecting the advisability of again sending a warship to New Chuang to safeguard American interests and to prevent outbreaks upon other foreigners by brigands. It is believed that an intimation has been conveyed from the British government to our government that the dispatch of a United States warship to New Chuang might prevent the appearance of undue activity on the part of the Chinese.

The United States gunboat Helena and a British gunboat lay in mud docks at New Chuang all last winter and were withdrawn only upon a hint from Russia that their presence obstructed military operations.

The navy department has several vessels within two or three days' sail of New Chuang, the nearest being the Raleigh, now at Chemulpo, while the Helena and the Wilmington are at Wenchow, just below Shanghai.

The Cincinnati is on her way from Chefoo to Chemulpo.

ENGINEERS' CONVENTION.

Advance Guard Has Already Arrived at Los Angeles.

Los Angeles, Cal., May 9.—Delegates to the sixth biennial convention of the International Brotherhood of Locomotive Engineers, which convenes in this city next Wednesday, have already arrived in considerable numbers and are coming in today on every train. It is estimated that 300 of the total 900 delegates will be present. Among the latest arrivals have arrived, and that by tomorrow practically the whole number will be here.

Among the latest arrivals are the following party of grand officers, who came from the east by way of San Francisco: Grand Chief Engineer W. S. Stone, First Grand Engineer T. S. Ingraham, Second Grand Engineer and editor of the Engineers' Journal, C. H. Selmon, Third Grand Engineer Dellos Everett, Second Grand Assistant Engineer J. C. Curie, Grand Chaplain G. R. Dority, Mrs. W. A. Murray, president, and Mrs. H. H. Clair, secretary, of the Ladies' Auxiliary.

The convention will last until June 2, and will pass upon many legislative matters for the good of the order. New grand officers are also to be chosen.

The convention will intersperse its business sessions with many excursions and entertainments, which have been planned by the local committees.

LIL THE ATTRACTION.

Ex-Queen of Hawaii Visits St. Louis Exposition.

St. Louis, May 9.—The Swedish pavilion at the St. Louis fair was formally opened today. The building was erected after the style of a Swedish country house, by an organization of residents of Sweden and America. The pavilion was tendered by Frederick Boberg, architect and representative of the Swedish section. President Francis made an address of welcome in behalf of the exposition and a number of other speeches followed.

A life-size bust of King Oscar II stands on a pedestal at the entrance. The interior is elaborately decorated in white and gold, and with specimens of Swedish pottery and chinaware. The headquarters of the Swedish royal commission will be located in the pavilion.

Queen Liluolalani, the deposed ruler of Hawaii accompanied by her adopted son, former Prince Kaiulani and his wife and a number of friends, arrived today from Washington and took apartments in the Inn inside the grounds.

The party expects to remain in St. Louis about two weeks and a number of entertainments have been planned in honor of the visitors.

PLUCKED AT MONTE CARLO.

Suicide of Harold T. Clarke, Late of San Francisco.

Paris, May 9.—Harold T. Clarke, living in New York and San Francisco, son of the late Jeremiah Clarke of San Francisco, killed himself in a hotel here today by blowing off the top of his head with a revolver. He had been touring the continent for several months and had just arrived in Paris from Monte Carlo, where it is understood he lost heavily. Clarke's mother and sister, who are in the city, are unable to give the slightest clue to the cause of his suicide. The deceased was 31 years of age. The body will be shipped to the United States.

M. PLESKE DEAD.

Russia Loses One of Her Ablest Engineers.

London, May 9.—A dispatch to the Exchange Telegraph company from St. Petersburg announced the death there at 3 o'clock this morning of M. Pleske, late minister of finance.

M. Pleske, who was born in 1832, was the son of a Russian general of German ancestry. He entered the ministry of finance when 20 years of age and was credited with being a disciple of M. DeWitte, whom he succeeded as minister of finance in December last.

M. Pleske became seriously ill as the result of an injury to his spine in a carriage accident some time previously and was obliged to undergo an operation, and in January of this year was said to be dying, peritonitis having set in. He was at that time relieved from his duties as minister of finance and transferred to the council of the empire.

BRYAN WILL LEAD THEM.

New Orleans, May 9.—Charles W. Bryan of Lincoln, Neb., a brother of William J. Bryan, said in an interview today that the report of dissection in the Nebraska Democracy is wrong and that his brother will lead the delegation to St. Louis untriedly pledged to vote for reaffirmation of the Kansas City platform.

NEW RUSSIAN LOAN.

St. Petersburg, May 9.—At a meeting of the financial department of the council of empire, under the presidency of Count Solsky today, the report of the committee regarding the conclusion of a new 5 per cent loan of 100,000,000 was issued in France, was approved and signed. It will be sanctioned by the emperor today.

STRIKE WILL BE SETTLED.

Denver, May 9.—It was announced today at the office of the Colorado Fuel and Iron company that the strike in the southern Colorado coal fields would be settled by June 1, concessions being made by both the operators and the miners.

PANAMA CANAL

WARRANT PAID

Fifteen Millions in Cash—Bal-
ance in Treasury Orders.

SECURITY GIVEN BY MORGAN

SECRETARY SHAW CLOSED THE
TRANSACTION.

New York, May 9.—The treasury warrant for \$40,000,000 on account of the Panama canal purchase was delivered to J. P. Morgan & Co. by Secretary Shaw at the sub-treasury this afternoon.

Secretary Shaw made the following statement as to the transfer:

"J. P. Morgan & Co. were this morning formally appointed special distributing agents and their security fixed at \$25,000,000. As soon as this security was approved the warrant for \$40,000,000 was delivered. This was presented during the day and paid as follows: \$15,000,000 in cash and sub-treasury orders, aggregating \$20,000,000, were drawn in favor of Morgan & Co. These in turn are to be deposited by Morgan & Co. with their various banks to Morgan & Co.'s credit and will be collected through the clearing house tomorrow. Meantime the banks had brought to the sub-treasury their respective checks, aggregating a little over \$27,000,000.

Delivered in Person.

The warrant was delivered to Mr. Steele personally. It was on a piece of white paper engraved in green ink, was made payable to J. P. Morgan & Co., as special disbursing agents. Half a score of clerks at the sub-treasury were busy for some three hours counting the bonds deposited by Morgan & Co. as security for the warrant. These checks were accepted for collection and will be collected through the clearing house tomorrow. In this way the banks of New York City will pay into the sub-treasury \$27,000,000 and will receive from Morgan & Co. on deposit \$25,000,000. Both the payment to the sub-treasury and the deposits will be effected through the clearing house at the same time. Thus the banks will lose in the transaction only \$2,000,000 cash balance; the remaining \$15,000,000 is paid to Morgan & Co. directly from the treasury.

In an informal statement the secretary added that this method of paying for the Panama canal would have a reassuring effect upon financial conditions in general. There were present also Charles Steele, George W. Perkins, E. T. Stetebury and Temple Bowdoin, of the firm of J. P. Morgan & Co.; Assistant Treasurer Fish, J. H. Edwards, private secretary to Secretary Shaw, and George F. Baker, president of the First National bank. The securities deposited by Morgan & Co. were largely municipal bonds.

Exposure.

To cold draughts of air, to keen and cutting winds, sudden changes of temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds. Ballard's Horehound Syrup is the best cure.

Mrs. A. Rutz, Houston, Tex., writes, Jan. 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take."

Sold by Z. C. M. I. drug department.
